This genre had become one of the most successful genres and is enthusiastically welcomed by many players. Games of this genre allow the player to command a battlefield and build up fortified towers, commanding the army to defeat the enemies. When we talk about this genre, we often think of Kingdom Rush is a game about this genre that has led the trend and has been successful since its release. However, it would be a mistake not to mention Toy Defense Fantasy - Tower Defense Game, a highly rated game on all platforms. It became one of the games with most of the downloads on all platforms and voted to become Editor's Choice. Toy Defense Fantasy - Tower Defense Game is considered a quality Tower Defense game that you should try to play at least once on your phone. The gameplay of Toy Defense Fantasy and games of the same genre have long been fascinating to players. The players who love the Tower Defense genre are always trying different games of the same genre and trying to find the best game they can stick with for the long term. Toy Defense Fantasy - Tower Defense Game had been released and became one of the games that can make them interested that most players have chosen to play. With more than 90 exciting levels, with different levels of difficulty and challenges, facing mighty armies will make you very excited. As a commander, you must develop reasonable strategies, calculate and build appropriate structures against attacks from enemies. With many towers in the game, Toy Defense Fantasy requires players to know each tower's mechanics to bring high efficiency. Anti-aircraft towers are used to defeat airborne enemies; turrets used to suppress infantry effectively; archer towers can balance the whole front or even the mage tower with destructive power. Players must consider carefully before deciding because the game's resources are limited, and wrong decisions will cause you to regret the consequences. You can even join the first weekly tournament with your friends, beat other players, and bring valuable rewards that prove you are the best commander. In terms of game graphics, with Toy Defense Fantasy and games of the same genre, they tend to have a 2D graphics background. However, the game's world is simulated interestingly and humorously, giving players a great experience no different from other famous games. The game requires a common configuration so that you can download the game on any smartphone through Google Play and Appstore on any phone.
